

Wheel traction - Commercial use

XSNX SP-85

Model	XSNX SP-85
Price VAT incl.	€ 899
Price VAT excl.	€ 742,98
Drive	Push model
Content	55 kg
Spreading width	To 3,7 m
Chassis	Steel - powder-coated
Tank	Poly
Weight	19,1 kg

Tank capacity up to 55 kg
 Spread width up to 3.7 meters
 Powder-coated steel chassis
 Polyethylene spinner disc
 Professional gearbox
 Wheels with pneumatic tires
 Comes standard with tarp cover and grate
 Laterally adjustable deflectors
 Unladen weight 19.1 kg

External battery - Commercial use

XSNX SP-1575

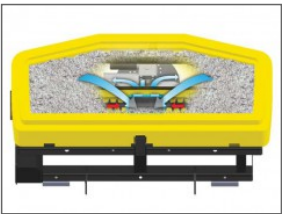

Model	XSNX SP-1575
Price VAT incl.	€ 3.999
Price VAT excl.	€ 3.304,96
Drive	Ext. battery 12 V - max 25-30 Amp
Capacity	149 liter / 191 kg
Spreading width	To 9,2 m
Chassis	Steel - powder-coated
Tank	Poly
Weight	72,6 kg

- Corrosion-free polyethylene tank with a capacity of 191 kg
- Corrosion-free composite rotor
- Spread width adjustable to 9.2 meters
- Patented electric drive
- Powered by external 12V vehicle battery
- Equipped as standard with vibration mechanism to stop the salt bridging
- Digital controller with dual variable speed control
- Unladen weight 72,6 kg
- Auger for a constant supply of salt

XSNX SP-1675

Model	XSNX SP-1675
Price VAT incl.	€ 4.599
Price VAT excl.	€ 3.800,83
Drive	Ext. battery 12 V - max 25 - 30 Amp
Capacity	170 liter / 291 kg
Spreading width	To 11m
Chassis	Steel - powder-coated
Tank	Poly
Weight	131 kg

Corrosion-free polyethylene tank content of 291 kg
Standard with vibration mechanism to stop bridging
Digital controller with variable speed control
Powered by external 12V vehicle battery
Dimensions (LxWxH) 122x51x76 cm
Double auger for a constant and accurate supply of salt
Unladen weight 131 kg

XSNX TS-32300

Model	XSNX TS-32300
Price VAT incl.	€ 7.199
Price VAT excl.	€ 5.949,59
Drive	Ext. battery 12 V - max 25 - 30 Amp
Capacity	400 liter / 490 kg
Spreading width	To 12,2 m
Chassis	Steel - powder-coated
Tank	Poly
Weight	175 kg

Corrosion-free polyethylene tank with a capacity of 490 kg
Comes standard with vibration mechanism to stop bridging
Digital controller with variable speed
Powered by external 12 V vehicle battery
Auger for a constant supply of salt
Electric spreader that is ideal for spreading bulk salt or a 50/50 mixture of salt and sand
Unladen weight 175 kg

Dim. load frame (LxW) 147 x 123 cm

XSNX SL-80

Model	XSNX SL-80
Price VAT incl.	€ 1.599
Price VAT excl.	€ 1.321,49
Drive	Battery 12 V - 7,5 Ah
Capacity	45 liter
Spray width	To 1,2 m
Chassis	Steel - powder-coated
Tank	Poly
Weight	27,2 kg

Electric sprayer with integrated 12 V battery
Autonomy of 450 liters per battery charge
Charging time 12-16 h
45 liter polyethylene tank
Flow rate 4 l/min, pressure 4 bar
Spray lance with 2.4 m hose
Spray width adjustable from 92 to 122 cm
Easy to push thanks to the large pneumatic tires
Unladen weight 27.2 kg

XSNX VSS-1000

Model	XSNX VSS-1000
Price VAT incl.	€ 4.899
Price VAT excl.	€ 4.048,76
Drive	Ext. battery 12 V
Capacity	378 liter
Spray width	1,8 m
Chassis	Steel - powder-coated
Tank	Poly
Weight	78 kg

378 liter polyethylene tank
Boom with rotating nozzles with 3 different jets
(1) straight, (2) triple, (3) atomization
Hose reel with 15 m hose and spray lance
Cabin control unit
Highly versatile and adaptable sprayer
Spray volume of 28 liters per 1,000 m2 or 50 liters
per km @ 24 km/h (spray width 1.8 meters)
Unladen weight 78 kg

XSNX VSS-2000

Model	XSNX VSS-2000
Price VAT incl.	€ 8.699
Price VAT excl.	€ 7.189,26
Drive	Ext.battery 12 V
Capacity	757 liter
Spray width	1,8 m to 7,6 m
Chassis	Steel - powder-coated
Tank	Poly
Weight	204 kg

Patented polyethylene tank with a capacity of 757 liters

Fully electric

Cab control

Boom with rotatable nozzles:

(1) Straight jet, (2) Triple jet, (3) Atomization

Adjustable spray zones:

(1) boom,(2) left sidewalk, (3) right sidewalk

Unladen weight 204 kg

XSNX VSS-3000

Model	XSNX VSS-3000
Price VAT incl.	€ 8.999
Price VAT excl.	€ 7.437,19
Drive	Ext. battery 12 V
Capacity	1.136 liter
Spray width	1,8 m to 7,6 m
Chassis	Steel - powder-coated
Tank	Poly
Weight	236 kg

1.8 m wide boom with two side nozzles up to 7.6 m

Ice control with brine instead of traditional salt/ sand spreading

Multi-spray zone controller with 7 m cable for control from the cab

Adjustable spray volume from max.

28 liters per 1,000 m2 or

50 liters per km @ 24 km/h, spray width 1.8 meters

Unladen weight 236 kg

Ideal for light truck, pickup or trailer

Fieldcare Fertilizer, sand and salt spreaders

Wheel traction - Semi-commercial use

XFA GARDEN 100M

Model	XFA GARDEN 100M
Price VAT incl.	€ 989
Price VAT excl.	€ 817,36
Version	Push model
Content	100 liter
Spreading width	1 to 6 m
Chassis	Steel
Tank	Steel - Powder-coated
Weight	35 kg

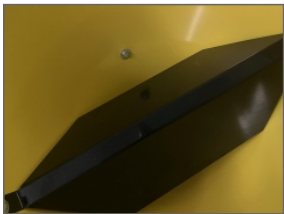

Hand pushed fertilizer spreader
Robust steel chassis and tank
Adjustable spinner disc
Capacity 100 liters, max. payload 130 kg
Professional wet-sump gearbox and metal wheels with pneumatic tires
Pre-assembled
Weight 35 kg

XFA GARDEN 100

Model	XFA GARDEN 100
Price VAT incl.	€ 999
Price VAT excl.	€ 825,62
Version	Pulled
Content	100 liter
Spreading width	1 to 6 m
Chassis	Steel
Tank	Steel - Powder-coated
Weight	40 kg

Tow-behind fertilizer spreader for lawn tractors
Robust steel chassis and tank
Adjustable spinner disc
Capacity 100 liters
Max. payload 130 kg
Professional wet-sump gearbox
Metal wheels with pneumatic tires
Pre-assembled
Weight 40 kg

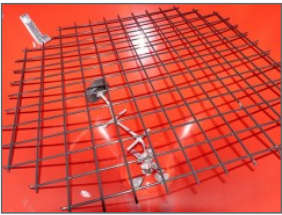

XFA TFS 300 ATV

Model	XFA TFS 300 ATV
Price VAT incl.	€ 3.699
Price VAT excl.	€ 3.057,02
Version	Pulled
Content	300 liter
Spreading width	2 to 12 m
Chassis	Steel
Tank	Steel - Powder-coated
Weight	125 kg

Tow-behind fertilizer and salt spreader for tractor or quad
Steel chassis and tank
Wheels can be disengaged separately
Capacity 300 liters
Spread width 2 to 12 m
Adjustable spinner disc
Ejector and spinner disc in stainless steel
Different types of tow bars and wheels available
Weight 125 kg

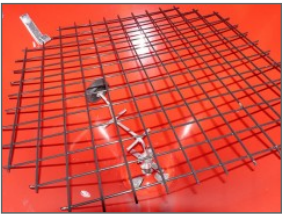

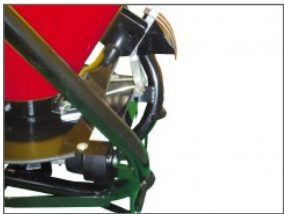

PTO shaft tractor - Commercial use

XFA FS 300

Model	XFA FS 300
Price VAT incl.	€ 999
Price VAT excl.	€ 825,62
Version	Carried, tractor
Content	300 liter
Spreading width	2 to 12 m
Chassis	Steel
Tank	Steel - Powder-coated
Weight	74 kg

Sprayer for mounting on 3-point hitch
Ejector and spinner disc in stainless steel
Steel chassis and tank
Tank capacity 300 liters
Max. payload 350 kg
Spread width 2 to 12 m
Includes PTO shaft
Equipped with grate and stirrer as standard
Weight 74 kg

XFA SSA 500 INOX

Model	XFA SSA 500 INOX
Price VAT incl.	€ 4.299
Price VAT excl.	€ 3.552,89
Version	Pulled
Content	500 liter
Spreading width	2 to 12 m
Chassis	Steel
Weight	145 kg

Tow-behind salt and sand spreader
For tractor, quad or ATV
Tank, ejector and spinner disc in stainless steel
Steel chassis
Adjustable spinner disc
Spread width of 2 to 12 meters
Capacity 500 liters
Max. travel speed 80 km/h
Max. speed during spreading 25 km/h
Weight 145 kg

Different types of tow bars and wheels available
Standard delivered with towbar type C (TFS10) and road wheels (WHEEL-ROAD)

XFA SSP 500 INOX

Model	XFA SSP 500 INOX
Price VAT incl.	€ 2.599
Price VAT excl.	€ 2.147,93
Version	Carried, tractor
Content	500 liter
Spreading width	2 to 12 m
Chassis	Steel
Weight	93 kg

Salt and sand sprayer
For mounting on tractor 3-point hitch
Powered by PTO
Includes PTO shaft
Capacity 500 liters
Spread width of 2 to 12 meters
Tank, ejector and spinner disc in stainless steel

Weight 93 kg

External battery - Industrial use

XTEX MS2000

Model	XTEX MS2000
Price VAT incl.	€ 3.999
Price VAT excl.	€ 3.304,96
Drive	Ext. battery 12 Volt - Max. 25 - 30 Amp
Capacity	315 liter
Spreading width	To 9,1 m
Chassis	Steel - Powder-coated
Tank	Poly
Weight	127 kg

Electric bulk material spreader that is ideal for spreading sand, seed or starter mulch

315 liter polyethylene funnel

Adjustable stainless steel spinner disc

Spread width variable, adjustable up to 9.1 m

Dim. (LxWxH) 163 x 123 x 69 cm

Dim. load frame (LxW) 114 x 123 cm

Dual variable speed control

Bulk material supplied by auger

Petrol engine - Commercial use

XTT HS-150

Model	XTT HS-150
Price VAT incl.	€ 5.999
Price VAT excl.	€ 4.957,85
Tank content	570 liter
Motor	Honda GX200 OHV
Cylinder	196 cm ³
Surface	180 m ²
Hose	30 m
Weight	150 kg
Dim. Transport (LxWxH)	180x100x125

Hydroseeder for mounting on trailer or pickup

Professional Honda GX200 OHV engine

Displacement 196 cm³

Tank capacity 570 liters

Dim. (LxWxH): 172 x 125 x 112 cm

Area that can be seeded with a full tank: 180 m²

2" centrifugal pump

Supplied with 30 m hose and two different nozzles

Weight 150 kg

A hydroseeder is a seeding and fertilizing machine which maximizes germination by mixing water, seed and fertilizer

Ideal for additional seeding of damaged lawns

XTT HS-300E8

Model	XTT HS-300E8
Price VAT incl.	€ 9.599
Price VAT excl.	€ 7.933,06
Tank content	1.135 liter
Motor	Honda GX240 OHV
Cylinder	270 cm³
Surface	360 m²
Hose	30 m
Weight	280 kg
Dim. Transport (LxWxH)	240x160x125

Compact "Hydro-Seeder" for mounting on trailer or pickup

Professional Honda GX240 OHV engine

Displacement 270 cm³

Oval tank with a 16" threaded lid

Tank capacity 1,135 liters

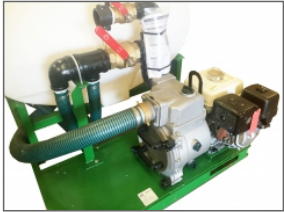

Dim. (LxWxH): 235 x 115 x 110 cm

Supplied as standard with 30 m hose and 3 nozzles

Area that can be seeded with a full tank: 360 m²

Weight 280 kg

Professional 3" centrifugal pump for perfect mixing of the different substances

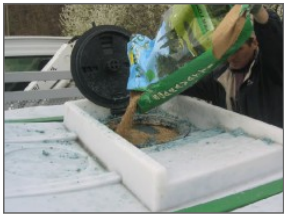

XTT HS-300EH

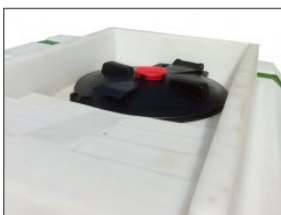

Model	XTT HS-300EH
Price VAT incl.	€ 13.299
Price VAT excl.	€ 10.990,90
Tank content	1.135 liter
Motor	Honda GX390 OHV, elec. start
Cylinder	389 cm3
Surface	360 m²
Hose	30 m
Weight	325 kg
Dim. Transport (LxWxH)	240x170x135

Compact "Hydro-Seeder" for mounting on trailer or pickup
Professional Honda GX390 OHV engine, electric start
Displacement 389 cm³
Tank capacity 1,135 liters
Spray distance 15 m
Dim. (LxWxH): 235 x 120 x 135 cm
Very sturdy and robust steel frame
Weight 325 kg

Area that can be seeded with a full tank: 360 m2
Cast iron 3" pump
Supplied as standard with 30 m hose and 3 nozzles
Oval tank with large funnel and a 16" threaded lid

XTT HS-500EH

Model	XTT HS-500EH
Price VAT incl.	€ 14.799
Price VAT excl.	€ 12.230,60
Tank content	1.915 liter
Motor	Honda GX390 OHV, elec. start
Cylinder	389 cm ³
Surface	600 m ²
Hose	30 m
Weight	355 kg
Dim. Transport (LxWxH)	240x170x170

Professional Honda GX390 OHV engine with electric start

Displacement 389 cm³

Cast iron 3" pump

Supplied as standard with 30 m hose and 3 nozzles

Tank capacity 1,915 liters

Area that can be seeded with a full tank: 600 m²

Dim. (LxWxH): 235 x 125 x 160 cm

Weight 355 kg

The perfect seed drill when constructing embankments, parks, playgrounds, golf courses, industrial areas, urban greenery or riverbanks

XTT PREMIUM MULCH

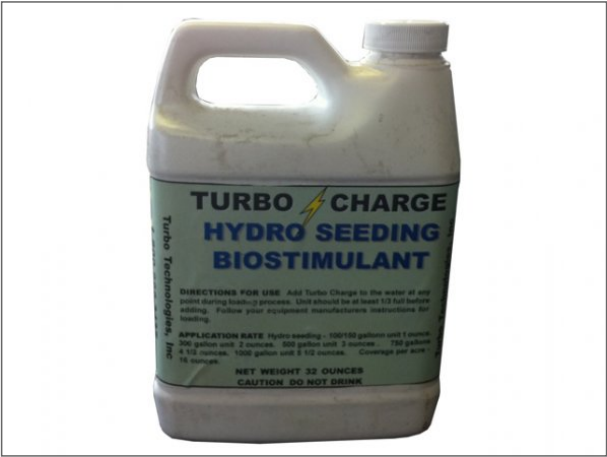

Model	XTT PREMIUM MULCH
Price VAT incl.	€ 48
Price VAT excl.	€ 39,67
For use with	All hs systems
Product type	Paper mulch
Surface	130 gr/m² to 280 gr/m²
Weight	22,7 kg

Paper mulch composed of colored cellulose with rapid mixing
Premium paper mulch - 100% ECO
Green colour
Contents: 22,7 kg

Dosage (slope):
4:1 - 130 gr/m2
3:1 - 160 gr/m2
2:1 - 220 gr/m2
1:1 - 280 gr/m2

XTT TURBO CHARGE

Model	XTT TURBO CHARGE
Price VAT incl.	€ 86
Price VAT excl.	€ 71,07
For use with	All hs systems
Product type	Bio-stimulating
Surface	0,11 ml/m²
Weight	900 gr

Stimulates biological activity and fixes nitrogen
Dosage: 0.11 ml/m²
Contents: 900 ml

XTT TURBO SORB

Model	XTT TURBO SORB
Price VAT incl.	€ 96
Price VAT excl.	€ 79,34
For use with	All hs systems
Product type	Irrigation reduction
Surface	1,11 gr/m²
Weight	4,5 kg

Co-polymer of acryladmide, a super absorbent holding up to 400 times its weight in distilled water, releasing it slowly, on necessity of the seed. It reduces irrigation times of 50% assuring a good result even to the places in which there is not muchwater, or during period of poor precipitations. Reduces irrigation time by up to 50%, ideal in dry areas
Dosage: 1.11 g/m2
Weight 4.5 Kg

XTT TURBO TACK

Model	XTT TURBO TACK
Price VAT incl.	€ 96
Price VAT excl.	€ 79,34
Content	1,4 kg

Adhesive for slopes, ideal for erosion control
Contents: 1.4 kg
Dosage: 0.28 g/m2
1 jar = area 4,000 m2 for slopes up to 2 in 1

XTT PLANT MARVEL

Model	XTT PLANT MARVEL
Price VAT incl.	€ 120
Price VAT excl.	€ 99,17
For use with	All hs systems
Product type	Quick germination
Surface	8 - 16 gr/m²
Weight	11,5 kg

Manure soluble in water, specify for hydroseeder applications.
Guarantees a quick germinations up to 40%, for a good develop of the radical apparatus,without creating burning. 100% water soluble. Lightly acid, very easy to wash, does not create corrossions in the internal side of hydrosser machine.
Increases germination by up to 40% and has low acidity
Dosage: 8 - 16 g/m²
Contents: 11.5 kg

XTT WITCH.BREW 10

Model	XTT WITCH.BREW 10
Price VAT incl.	€ 160
Price VAT excl.	€ 132,23
For use with	All hs systems
Product type	Erosion eliminating
Surface	1,12 gr/m²
Weight	4,5 kg

Mix of adhesives, fluids and additives for slopes up to 1 in 1
Dosage: 1.12 g/m2
1 bucket = area 4,000 m2 for slopes up to 45 °
Contents 4.5 Kg

Petrol engine - Commercial use

Fieldcare Hydro-Seeders

XMM GS-I 500L H

Model	XMM GS-I 500L H
Price VAT incl.	€ 5.699
Price VAT excl.	€ 4.709,92
Tank content	500 liter
Motor	Honda GX160 OHV
Cylinder	163 cm ³
Surface	180 m ²
Hose	25 m
Weight	210 kg
Dim. Transport (LxWxH)	160x135x130

Very solid and robust steel chassis with large hopper for easy filling

Agitation: 3 venturi jet nozzles (2 towards the bottom & one wetting nozzle)

Honda GX160 OHV engine, displacement 163 cm³

500 liter round polyethylene tank

Cast iron centrifugal pump, 2", direct drive, max. flow 440 l/min

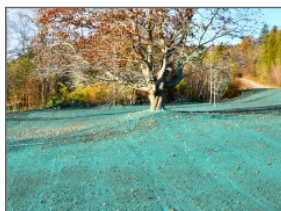

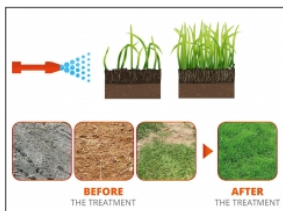

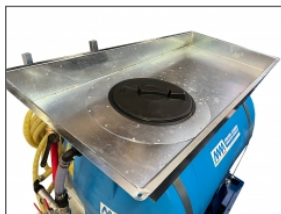

Area that can be seeded with a full tank: 180 m²

Supplied with 25 m of hose and 3 different nozzles

Hopper with large opening and bale chute

Dim. (LxWxH): 198 x 152 x 145 cm

Empty weight: 286 kg

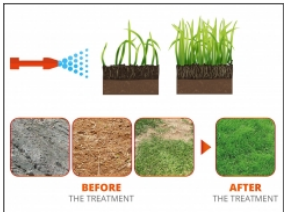

XMM GS-I 1000L H

Model	XMM GS-I 1000L H
Price VAT incl.	€ 10.499
Price VAT excl.	€ 8.676,86
Tank content	1.000 liter
Motor	Honda GX390 OHV
Cylinder	389 cm³
Surface	320 m²
Hose	25 m
Weight	344 kg
Dim. Transport (LxWxH)	220x135x155

Very solid and robust steel chassis with step platform for easy access to bale chute
Agitation: 3 venturi jet nozzles (2 towards the bottom & one wetting nozzle)
Professional Honda GX390 OHV engine, cylinder capacity 389 cm3
1.000 liter Round polyethylene tank
Cast iron centrifugal pump, 3", max. flow 1.500 l/min
Supplied with 25 m of hose and 3 different nozzles
Area that can be seeded with a full tank: 320 m2

Hopper with large opening and bale chute
Dim. (LxWxH): 220 x 135 x 155 cm
Empty weight 344 kg

PTO shaft tractor - Commercial use

XMM GPD/P-300L

Model	XMM GPD/P-300L
Price VAT incl.	€ 2.599
Price VAT excl.	€ 2.147,93
Tank content	300 liter
Drive	Tractor
Pump	AR 30
Flow	30 l/min
Pressure	40 bar
Weight	75 kg

3-point tractor hitch mounted de-icing sprayer
Powered by PTO shaft
Polyethylene tank with integrated 15 liter hand wash tank
Manifold with 4 outputs and pressure regulator
External filter with cleaning valve and injector
AR 30 pump - 32 l/min - 40 bar
Tank capacity 300 liters
Supplied without accessories!
Weight 75 kg

Different types of hose reels, booms, lances and cardan shafts available as options

XMM GPD/P-600L

Model	XMM GPD/P-600L
Price VAT incl.	€ 3.299
Price VAT excl.	€ 2.726,45
Tank content	600 liter
Drive	Tractor
Pump	AR 30
Flow	30 l/min

Supplied without accessories!
Weight 85 kg
Different types of hose reels, booms, lances and cardan shafts available as options

Fieldcare Snowblowers for walking tractors

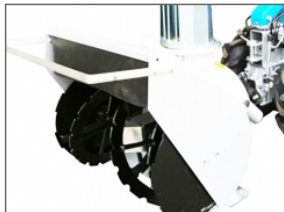

PTO shaft two-wheel tractor - Semi-commercial use

XCER MTC L600

Model	XCER MTC L600
Price VAT incl.	€ 2.699
Price VAT excl.	€ 2.230,58
Drive	Motocultor
Power	Min. 8 - 10 hp
Waltz	Ø 350 mm
Working width	60 cm
Weight	58 kg

Two stage snow blower
Cast iron gearbox
? 350 mm pre-auger with ice breaker
Manual hopper rotation
Deflector adjustment with handwheel
Working height 600 mm
Working width 60 cm
Weight 58 kg

Specify the brand, model and type of attachment when ordering!

Fieldcare Trailed salt and sand spreaders

External battery - Commercial use

XWST PRO-FLO 525

Model	XWST PRO-FLO 525
Price VAT incl.	€ 4.999
Price VAT excl.	€ 4.131,40
Drive	Ext. battery 12 Volt - Max 25-30 Amp
Capacity	149 liter / 191 kg
Spreading width	To 9,2 m
Chassis	Steel - Powder-coated
Tank	Poly
Weight	72,6 kg

Corrosion-free polyethylene tank with a capacity of 191 kg

Corrosion-free composite rotor

Spread width adjustable to 9.2 meters

Patented electric drive

Powered by external 12V vehicle battery

Equipped as standard with vibration mechanism to stop the salt bridging

Auger for a constant supply of salt

Unladen weight 72.4 Kg

Digital controller with dual variable speed control vibrator

XWST STRIKER 8

Model	XWST STRIKER 8
Price VAT incl.	€ 7.999
Price VAT excl.	€ 6.610,74
Drive	Ext. battery 12 Volt - Max. 25 - 30 Amp
Capacity	1.530 liter / 1.900 kg
Spreading width	To 12,2 m
Chassis	Steel - INOX
Tank	Steel - INOX
Weight	279 kg

Electric spreader for spreading bulk salt or a 50/50 mixture of salt and sand
Rust resistant stainless steel frame and tank with a capacity of 1.900 kg - 1.530 liter
Dim. load frame (LxWxH) 244x127x84 cm
A standard inverted V located inside the hopper helps keep sufficient material weight off of the conveyor, ensuring smooth startup and flow of material
Unladen weight 279 Kg
Digital controller with dual variable speed control

urbavert®

XUV URBA-FIX 1KG

Fieldcare Accessories for hydro-seeders

Model	XUV URBA-FIX 1KG
Price VAT incl.	€ 34
Price VAT excl.	€ 28,10
For use with	All hs systems
Product type	Erosion eliminating
Surface	0,8 gr/m ²
Weight	1 kg

A mix of different adhesives, liquids and additives
Ideal for use on steep slopes up to 1:1.

Dosage: 10 to 40 gr per 100 liters of water

Contents: 1 kg

Properties:

Better homogeneity of mulch coverage.
Better adhesion of the mixture to the surface.
Facilitates plant growth by creating a protective layer.
Reduces the impact of rain and wind.
Increases soil cohesion and combats erosion.

XUV URBA-MULCH PRE

Model	XUV URBA-MULCH PRE
Price VAT incl.	€ 80
Price VAT excl.	€ 66,12
For use with	All hs systems
Product type	Paper mulch
Surface	100 - 180 gr/m²
Weight	10 kg

URBA-MULCH PREMIUM: all-in-one pellet hydromulch
URBA-MULCH PREMIUM is packed in 10 kg bags and is easy to use, transport and store.
URBA-MULCH® mulch is an exclusive URBAVERT innovation!
Green color
Dosage (flat):
30 kg per 1000 liters of water or 100 gr/m2

Dosage (slope):
4:1 - 120 gr/m2
3:1 - 140 gr/m2
2:1 - 160 gr/m2
1:1 - 180 gr/m2
Content: 10 kg

Thanks to an all-in-one pre-dosed formulation (wood fiber, cellulose, fixative, tracer) and the addition of an expansion agent, URBA-MULCH PREMIUM granule defibrates on its own, without mixing, just in contact with water for a homogeneous solution precisely dosed into the tank of your hydraulic seed drill.

This essential ingredient in the complex mixture of a hydroseeder tank has always been very restrictive in terms of use, dosing and storage. Often in compressed bales of several tens of kilograms, "traditional" mulches had to be shredded before being fed into the tank with the risk of clogging the pump and thus jeopardizing the good execution of the work.

XUV URBA-MULCH ECO

Model	XUV URBA-MULCH ECO
Price VAT incl.	€ 90
Price VAT excl.	€ 74,38
For use with	All hs systems
Product type	Paper mulch
Surface	100 - 180 gr/m²
Weight	20 kg

URBA-MULCH ECO: Pellet hydromulch
Organic mulch without stabilizer and without
expanding agent.
URBA-MULCH ECO is packed in 20 kg bags and
is easy to use, transport and store.
Green color
Dosage (flat):
30 kg per 1000 liters of water or 100 gr/m2

Dosage (slope):
4:1 - 120 gr/m2
3:1 - 140 gr/m2
2:1 - 160 gr/m2
1:1 - 180 gr/m2
Content: 20 kg

URBA-FIX fixative can be added to the URBA-MULCH ECO for sowing
on slopes.
The URBA-MULCH ECO granules defibre without mixing, simply by
contact with water and provide a homogeneous solution precisely dosed
for the tank of your hydraulic seed drill.
This essential ingredient in the complex mixture of a hydroseeder tank
has always been very restrictive in terms of use, dosing and storage.
Often in compressed bales of several tens of kilograms, "traditional"
mulches had to be shredded before being fed into the tank with the risk
of clogging the pump and thus jeopardizing the good execution of the
work.

XUV URBA-FIX 5KG

Model	XUV URBA-FIX 5KG
Price VAT incl.	€ 150
Price VAT excl.	€ 123,97
For use with	All hs systems
Product type	Erosion eliminating
Surface	0,8 gr/m²
Weight	5 kg

A mix of different adhesives, liquids and additives
Ideal for use on steep slopes up to 1:1.

Dosage: 10 to 40 gr per 100 liters of water

Contents: 5 kg

Properties:

- Better homogeneity of mulch coverage.
- Better adhesion of the mixture to the surface.
- Facilitates plant growth by creating a protective layer.
- Reduces the impact of rain and wind.
- Increases soil cohesion and combats erosion.
